### **AIM FOR PERFECTION WITH A RAGIM BOW**

We offer a wide array of world-class bows for archers and hunters. Our products are made with the finest materials and include the latest technological advancements. Form and function, sophistication and innovation meet in the ideal bow for novices and seasoned pros. Ragim bows are proudly "Made in Italy" and shot worldwide. Our bows, which are exported globally, are created with the skill and craftsmanship for which Italy is renowned. Ragim's bow makers are masters of their trade, true artisans with years of woodworking experience. While tradition anchors each and every bow, innovation is also a top priority. Constant experimentation with new materials and methods allows us to offer you the most up-to-date bow technology at affordable prices. A Ragim bow is made to last, your trusted companion whether shooting in the woods or on a range.

We test our bow using state-of-the-art machines to simulate shooting. This ensures that each bow offers the maximum in performance and resistance. Our high quality standards have earned us the prestigious ISO 9001, an internationally recognized certification of quality control. Ragim is also a green company, having received the ISO 14001 for respecting the environment.

We are dedicated to providing you with the bow that fits perfectly with your hand, budget and goals. And we back it up with excellent customer service and a three-year warranty. Ragim is your biggest fan, supporting you and the sport with quality products and sponsorships.

### **RAGIM CELEBRATES 25<sup>TH</sup> ANNIVERSARY**

We are really proud to celebrate our 25<sup>th</sup> anniversary! In this span of time our company has achieved an impressive growth, thanks to the incessant technical enhancement, carried out with one purpose: to offer a complete array of high quality "Made in Italy" bows. We would like to thank you, our customers. Your ongoing commitment allows us to improve more and more, every day!

With gratitude,

*Ragim Chairman*  
Bruno Agnola

### **CERTIFICATIONS**

All our products are planned and carried out following the rules of ISO 9001 and ISO 14001 certifications.

### **DEVELOPMENT AND PROMOTION**

For years now Ragim is committed to develop the knowledge of the archery as an alternative to the most famous sports.

We support the Italian Archery Federation in introducing the sport of archery in the schools.

We believe that the knowledge of this sport among young people would obtain the result to have more Olympic Champions in the future.

We would be able to support all the World Federations that have the purpose to promote this sport.
